CORPORATE CATERING

When a person has worked in the food and service industry for 25 years, it is very difficult to stay away. After being the sole proprietor for Bluff View Catering for over twenty years and then the Catering Manager at Stratton in Vermont, a large Intrawest-owned four season resort, it is only to be expected that I could stay out of the food business.

An opportunity arose to take a fine kitchen in downtown Bath and start a "lunch to go" delivery business. But in 2005, I realized that I was quickly outgrowing that space and moved the business back to my Victorian house with a commercial kitchen in Pulteney. From here we are servicing the central Finger Lakes area and are able to offer expanded personal and complete corporate catering.

My hand-selected staff and I are now offering quality catering to businesses in the area. Besides the private party and wedding aspect of this business, we are prepared to set up meeting areas, cater breakfast, snacks, lunches, or corporate dinners in any location. To make our service even easier to use, we accept all major credit cards.

We have developed several [breakfast and brunch](#) and [lunch](#) meeting menus with [a la carte food](#) options and additional services specifically designed to make your business meeting or event of professional quality. What we are offering will only enhance your individual product to your business contacts. We can also offer menus for [holiday parties or gift boxes](#) for your staff or customers.

Additionally, if you need something that you do not see within our service description, we will be happy to work with you to meet your specific needs.

The menus available on our website are just a place to start. Contact [Jane Smith Russell](#) to customize your event to reflect your business!
